Guide to the

George Sears Greene papers

1872-1873

MssCol 19039

Summary

Creator: Greene, George Sears, 1801-1899

Title: George Sears Greene papers

Date: 1872-1873

Size: .1 linear feet (1 folder)

Abstract: George Sears Greene (1801-1899) was a Union officer in the Civil War, a founder of the American Society of Civil Engineers and Architects, and was responsible for numerous railroads and aqueduct construction projects. These papers relate to a proposed tunnel "for carriage and footways" that would have extended from Manhattan's 7th Avenue under the Harlem River to Morrisania, the Bronx

Access: Advance notice required.

Physical Location: MssCol 19039

Preferred citation: George Sears Greene papers, Manuscripts and Archives Division, The New York Public Library
