Summary

Title: African Americans in film collection

Date: 1915-2003

Size: 4.58 linear feet (12 boxes)

Source: Purchased from George Robert Minkoff Inc., 2001-2004.

Abstract: This collection consists of press kits and pressbooks or campaign books for films starring Black actors and actresses; in many cases, these films were directed, produced, and/or written by African Americans as well. The press kits contain sets of promotional materials for distribution to members of the media. Pressbooks, or campaign books, are mostly multi-page brochures of advertising "accessories" (such as posters, lobby cards, and film stills) for movie theaters. Most of the films are fictional, but there are some documentaries; also, there are a few television films included.

Access: Some collections held by the Manuscripts, Archives and Rare Books Division of the Schomburg Center for Research in Black Culture are held off-site and must be requested in advance. Please check the collection records in **the NYPL's online catalog** for detailed location information.
