Scope and contents

Collection consists of audio-visual materials representing selected productions that Jerry Bock wrote between 1960 and 2006. While there are some items containing complete audio or video productions of the shows, the majority are unpublished pre-production materials, including rehearsals, demo recordings, and “working copies” of songs. There are also some documentary materials, such as awards show footage and radio shows about the productions. Many of the items are from Bock's more popular Broadway shows, including *Fiddler on the Roof*, *The Rothschilds*, *She Loves Me*, and *Fiorello!* Also represented are some of Bock's less well known works including *1040*, (a show about the tax code), *Happy Birthday Mr. Abbott*, and *Regarding the Lindsay Years*, as well as many of his children's musicals including *Brandon Finds his Star*, *The Land of Broken Toys*, *Danny and the Dragon*, *The Magic Journey*, and *the Adventures of Pinocchio*.
