DESCRIPTION

Financial records of John Thallon & Co., Inc., wholesalers in meats, poultry, cheese, butter, eggs, picnics and pickles. The collection consists primarily of journals, ledgers, cash books and contract books. Also included are samples of telephone code books and World War II ration books, as well as some personal financial accounting records of the Thallon family.

At the time of the collection's arrival, 15 volumes of printed materials were transferred to the Preparation Services Division for distribution to other units of the library. In 1991, the collection was examined and found to contain little material of extensive informational value. The collection was stringently sampled and exemplars of different record types from different chronological periods.
