Bendiner Finding Aid

This finding aid is divided among several categories, generally with an alphabetical or other logical arrangement within each category. The material itself, however, has been arranged first according to size, with folders 1-4 in a double-oversize box, folders 5-20 in a regular oversize box, and the rest in smaller, standard-sized boxes. Therefore, the finding aid is not in strict folder order, but each item can easily be found by its folder number. An alphabetical index to the finding aid is also provided.
